MENUISERIE EBENISTERIE

# Your project Becomes our passion!

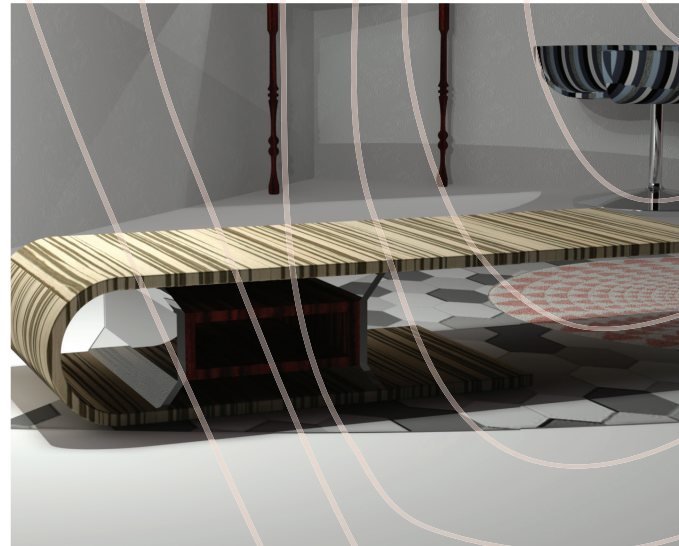

The quality requirement as well as our commitment both to our products and to the services provided, allow us to offer you all the advantages of a local company while ensuring that you will have, in the execution of your project, all the professionalism of our experts who rely on the SIA FRE-SEM rules and know-how.

Beyond our expertise, we will develop your idea together using 2D or 3D design programs.

Our team, made of carpenters and qualified cabinetmakers, advises you and guides you from the idea, the design up until the realisation of the project that is so important to you.

We will then materialise it in our workshop in Commugny which is fully equipped and sized to produce your dreams and bring your desires to life!
